

Ways to Reduce Your Inpatient Hospital Costs:

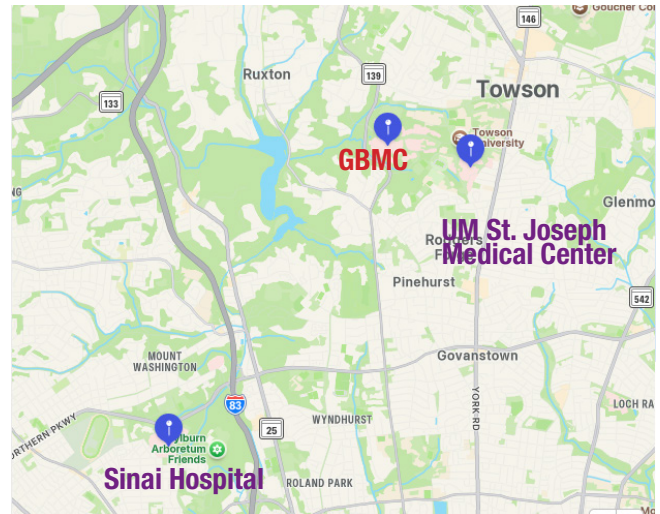

Hospital services can be costly to patients. To help cut down on your copays as an Alterwood Advantage member, consider changing the location where you receive your services.

Alterwood Advantage has a network of preferred and non-preferred hospitals. While the majority of our network hospitals fall under the network of preferred hospitals, there are three (3) hospitals under our non-preferred hospital network - Greater Baltimore Medical Center (GBMC), UM Medical Center, and UMMC Midtown campus. Review a full list of our preferred and non-preferred hospital network on the second page of this document.

Please note - the preferred and non-preferred network does not apply for Primary Care Physician (PCP) and Specialist services received.
